- Use this page to record expenses that tend to be daily, variable expenses—often the hardest to control.
- Keep receipts throughout the day and record them at the end of each day.
- Total each category at the end of the month (line 2) and compare to the Spending Plan (line 1). Subtracting line 2 from line 1 gives you an (over) or under the budget figure for that month (line 3).
- To verify that you have made each day's entry, cross out the number at the bottom of the page that corresponds to that day's date.
- Optional: If you wish to monitor your progress as you go through the year, you can keep cumulative totals in lines 4 and 5.
